CAREER OBJECTIVE

Computer Science and Engineering graduate with hands-on experience building secure, responsive full-stack applications using React.js, Next.js, Node.js, Express.js, Django, and SQL/NoSQL databases. Seeking a Junior Full-Stack Developer role to contribute to production-focused web products, deepen frontend and backend engineering skills, and grow through collaborative software development.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript (ES6+), React.js, Next.js, Tailwind CSS, Bootstrap, HeroUI, Framer Motion

Backend: Node.js, Express.js, Django, Django REST Framework

Databases: MySQL, PostgreSQL, SQLite, MongoDB, Firebase Realtime Database

Tools & Authentication: Git, GitHub, Firebase Authentication, Better Auth, Google OAuth

Programming Languages: JavaScript, Java

Interpersonal Skills: Problem Solving, Critical Thinking, Team Collaboration, Communication, Adaptability, Time Management

PROJECTS

MediQueue - Tutor Booking System

Full-stack tutor-booking platform that connects students with tutors and supports organized online or in-person session scheduling with availability and slot controls.

[Live](#) | [Client GitHub](#) | [Server GitHub](#)

- Search and filter tutors to find suitable learning options quickly.
- Book sessions with slot controls that help prevent overbooking and scheduling conflicts.
- Receive a digital session token for each confirmed booking.
- Register or sign in securely and access account-specific booking features.

Technologies: Next.js, React.js, Tailwind CSS, HeroUI, Better Auth, Node.js, Express.js, MongoDB

Skillsphere - Online Learning Platform

Full-stack learning platform that connects students with industry experts through searchable course content, secure accounts, and personalized profile features.

[Live](#) | [Client + Server GitHub](#)

- Browse course offerings and search dynamically by course-title keywords.
- Register with email/password or Google OAuth and access protected pages.
- Update profile information, including display name and profile image.
- Use responsive learning and account pages with loading, feedback, and error states.

Technologies: Next.js, React.js, Tailwind CSS, HeroUI, Framer Motion, Better Auth, MongoDB

EDUCATION

East West University, Dhaka | Bachelor of Science in Computer Science and Engineering (CSE) | 2020 - 2025

LANGUAGES

Bangla: Native | **English:** Professional Working Proficiency
